CONVERSATION

Vancouver Weather

What's the weather like there?

It's rainy most of the year.

Really? I thought it was always cold and snowy in Canada.

In some places, sure. But in Vancouver, the weather is pretty mild.

What's the weather like today?

It's cloudy and wet. It just rained this morning.

What's the temperature?

It's 9 or 10 degrees.

Celsius or Fahrenheit?

Celsius. We use Celsius in Canada and Fahrenheit in the US.

Ah, I didn't know that. I imagine the humidity is pretty high.

Yeah, it's about 70 – 80% right now.

What's the forecast for this coming week?

I think it's supposed to clear up. It might even be sunny for a few days.

What's the weather like in the summer?

It's usually pretty nice. There's a little rain, but it's usually sunny and relatively warm.

What's the average temperature in the summer?

It's normally between 20 - 25 degrees during the day and 14 – 18 degrees at night.

What about wintertime?

It's typically between 0 and 10 degrees.

Does it snow?

Maybe once or twice a year, but otherwise it just rains.

Does it storm a lot?

No, unfortunately. We never get any lightning or thunder.

Do you get any extreme weather like tornadoes or hurricanes?

No. The weather here is pretty mild and dank. I used to enjoy thunderstorms, windstorms, and tornadoes when I lived in Michigan.

I imagine flooding is a problem, and I bet you get some gorgeous rainbows.

Yeah, flooding can be an issue, but it's usually not that bad. I wish we got rainbows. I've hardly ever seen a rainbow here. It's quite depressing, actually.

What about the rest of Canada like Toronto?

It's colder in the winter and warmer in the summer in Toronto. In general, it's cold and snowy in the winter and warm and sunny in the summer. In some places, it can get down to -30 degrees not including the wind chill, which just makes it colder.

Interesting. I'm more inclined to moving to Vancouver. I like milder weather. Thanks for your help.

No worries. It was nice chatting with you.

That's a great company. You definitely want to start networking if you haven't already.

How do I go about doing that?

The best advice I could give you is to be confident, but don't be arrogant. If you worked in a team, then talk about the team's efforts and how you contributed. The worst thing you can say is "I", "I", "I". That's a big red flag.

Thank you so much for your wonderful advice!
