WORD EXERCISES

Innovative Word Games to Improve your
Dutch Vocabulary Power

ROSETTA WILKINSON

**2300 Dutch Word Exercises:
Innovative Word Games to
Improve your Dutch Vocabulary
Power**

Rosetta Wilkinson

Foreword

One of the world's most fascinating and interesting languages, Dutch is spoken by substantially large populations in four different continents. The history of the language is long and glorious, and hundreds of thousands of people study Dutch every day, either at intermediate or advanced levels.

This book provides the ultimate vocabulary and intelligence challenge for all learners of Dutch and Dutch enthusiasts worldwide.

There are many apps and games that help us learn languages in a fun and exciting way.

From the gamification inherent in apps like Duolingo and Rosetta Stone, to more traditional approaches in brick and mortar language classes, language learning has always seen a variety of pedagogical approaches.

This book offers an interesting - and successful - new take on the age-old problem of building up one's vocabulary in a new language quickly and at minimal cost.

Learning Dutch has many aspects: it is important to learn basic grammar and sentence structure. It is also very important to have a large bank of words to draw from, so that you can understand all the important parts of a conversation, and also so that you can read a book or watch a movie and follow most of what's going on without needing to use a dictionary or rely too heavily on the subtitles.

Within this book, you will learn hundreds of new Dutch words through the medium of multiple fun and engaging word game formats.

The book can be read in two ways: it can either be approached as a serious puzzle book by people who are 3-12 months into a Dutch course, and are looking to take their vocabulary size to the next level, in a way that is more interesting and entertaining than the tried and tested method of going through a dictionary and memorizing word after word.

It can also be used by people who are just starting off on their Dutch journey. I have provided the meanings, in English, of every Dutch word featured in this book; this will help any reader go through the

answers and learn the words, before going back to the questions after a while, and trying to guess those words in a different order.

All the very best!

Chapter 1

Background Information

Learning a new language can be fun!

Each puzzle in this chapter asks you to guess a commonly used Dutch word, given a few clues about the word.

Some of the letters in each word have been replaced by the _ sign.

You can use your Dutch vocabulary to try to guess the words. There are also other clues provided as hints, to help you!

Two hints have been provided for every puzzle. One of them gives the second letter of the word, and one of them gives its meaning (in English).

For the shorter words, the answer may not be unique. However, the longer words usually have only one unique solution.

You can find the answers at the end of the book.

Guess the word in each case; some of the letters have been hidden by the underscore (_) sign.

1. b_o_r

2. o_i_

3. d_z_

4. v_o_

5. s_e_u_

Hints

1. The second letter of the answer is *r*

The meaning of this word (in English):

brother

--

2. The second letter of the answer is *o*

The meaning of this word (in English):

ever

--

3. The second letter of the answer is *e*

The meaning of this word (in English):

these

--

4. The second letter of the answer is *o*

The meaning of this word (in English):

before

--

5. The second letter of the answer is *n*

The meaning of this word (in English):

snow

--

Chapter 2

Background Information

In this puzzle format, you still have to guess common Dutch words, but there is a twist.

In a similar way as in the previous puzzle format, you have to discover the commonly used Dutch word clued by each puzzle.

Here are the key details of the format: your main clue contains the letters of the word you have to guess, but all the letters of that word are jumbled up. You have to decode the clue by rearranging the letters so they make a meaningful word. Multiple hints (the first letter of the word, and the meaning of the word in English) are also provided.

You can find the answers at the end of the book, though I am sure that, with the hints and your own ingenuity, you will definitely not need the answers for the majority of the puzzles in this chapter.

Here are your puzzles:

1. ezrek
2. eudo

3. ostdprsa

4. aaprata

5. baulw

Hints

1. The answer starts with the letter *z*

The meaning of this word (in English):

sure

--

2. The answer starts with the letter *o*

The meaning of this word (in English):

old

--

3. The answer starts with the letter *s*

The meaning of this word (in English):

tie

--

4. The answer starts with the letter *a*

The meaning of this word (in English):

machine

--

5. The answer starts with the letter *b*

The meaning of this word (in English):

blue

--

Chapter 3

Background Information

Learning a new language can be fun!

Each puzzle in this chapter asks you to guess a commonly used Dutch word, given a few clues about the word.

Some of the letters in each word have been replaced by the _ sign.

You can use your Dutch vocabulary to try to guess the words. There are also other clues provided as hints, to help you!

Two hints have been provided for every puzzle. One of them gives the second letter of the word, and one of them gives its meaning (in English).

For the shorter words, the answer may not be unique. However, the longer words usually have only one unique solution.

You can find the answers at the end of the book.

Guess the word in each case; some of the letters have been hidden by the underscore (_) sign.

1. a_h_

2. z_m_r

3. l_i_e_

4. m_t_l_n

5. g_n_t

Hints

1. The second letter of the answer is *c*

The meaning of this word (in English):

eight

--

2. The second letter of the answer is *o*

The meaning of this word (in English):

summer

--

3. The second letter of the answer is *e*

The meaning of this word (in English):

lead

--

4. The second letter of the answer is *e*

The meaning of this word (in English):

metal

--

5. The second letter of the answer is *u*

The meaning of this word (in English):

favor

--

Chapter 4

Background Information

In this puzzle format, you still have to guess common Dutch words, but there is a twist.

In a similar way as in the previous puzzle format, you have to discover the commonly used Dutch word clued by each puzzle.

Here are the key details of the format: your main clue contains the letters of the word you have to guess, but all the letters of that word are jumbled up. You have to decode the clue by rearranging the letters so they make a meaningful word. Multiple hints (the first letter of the word, and the meaning of the word in English) are also provided.

You can find the answers at the end of the book, though I am sure that, with the hints and your own ingenuity, you will definitely not need the answers for the majority of the puzzles in this chapter.

Here are your puzzles:

1. gnnize
2. senl

3. asnta

4. risdpeign

5. itehdcg

Hints

1. The answer starts with the letter *z*

The meaning of this word (in English):

sing

--

2. The answer starts with the letter *s*

The meaning of this word (in English):

fast

--

3. The answer starts with the letter *s*

The meaning of this word (in English):

stand

--

4. The answer starts with the letter *s*

The meaning of this word (in English):

spread

--

5. The answer starts with the letter *g*

The meaning of this word (in English):

poem

--

Chapter 5

Background Information

Learning a new language can be fun!

Each puzzle in this chapter asks you to guess a commonly used Dutch word, given a few clues about the word.

Some of the letters in each word have been replaced by the _ sign.

You can use your Dutch vocabulary to try to guess the words. There are also other clues provided as hints, to help you!

Two hints have been provided for every puzzle. One of them gives the second letter of the word, and one of them gives its meaning (in English).

Learning a new language can be fun!

Each puzzle in this chapter asks you to guess a commonly used Dutch word, given a few clues about the word.

Some of the letters in each word have been replaced by the _ sign.

You can use your Dutch vocabulary to try to guess the words. There are also other clues provided as hints, to help you!

Two hints have been provided for every puzzle. One of them gives the second letter of the word, and one of them gives its meaning (in English).

For the shorter words, the answer may not be unique. However, the longer words usually have only one unique solution.

You can find the answers at the end of the book.

Guess the word in each case; some of the letters have been hidden by the underscore (_) sign.

1. s_r_m_n

2. k_j_e_

3. b_e_

4. k_r_e

5. r_e_s

Hints

1. The second letter of the answer is *t*

The meaning of this word (in English):

flow

--

2. The second letter of the answer is *i*

The meaning of this word (in English):

watch

--

3. The second letter of the answer is *e*

The meaning of this word (in English):

leg

--

4. The second letter of the answer is *o*

The meaning of this word (in English):

short

--

5. The second letter of the answer is *e*

The meaning of this word (in English):

range

--

Chapter 18

Background Information

In this puzzle format, you still have to guess common Dutch words, but there is a twist.

In a similar way as in the previous puzzle format, you have to discover the commonly used Dutch word clued by each puzzle.

Here are the key details of the format: your main clue contains the letters of the word you have to guess, but all the letters of that word are jumbled up. You have to decode the clue by rearranging the letters so they make a meaningful word. Multiple hints (the first letter of the word, and the meaning of the word in English) are also provided.

You can find the answers at the end of the book, though I am sure that, with the hints and your own ingenuity, you will definitely not need the answers for the majority of the puzzles in this chapter.

Here are your puzzles:

1. svntgeei
2. feeldi

3. ellb

4. solspgnoi

5. kraal

Hints

1. The answer starts with the letter *v*

The meaning of this word (in English):

settle

--

2. The answer starts with the letter *l*

The meaning of this word (in English):

love

--

3. The answer starts with the letter *b*

The meaning of this word (in English):

bell

--

4. The answer starts with the letter *o*

The meaning of this word (in English):

solution

--

5. The answer starts with the letter *k*

The meaning of this word (in English):

ready

--

Chapter 19

Background Information

Learning a new language can be fun!

show

--

2. The second letter of the answer is *e*

The meaning of this word (in English):

while

--

3. The second letter of the answer is *a*

The meaning of this word (in English):

men

--

4. The second letter of the answer is *c*

The meaning of this word (in English):

wrote

--

5. The second letter of the answer is *a*

The meaning of this word (in English):

matter

--

Chapter 38

Background Information

In this puzzle format, you still have to guess common Dutch words, but there is a twist.

In a similar way as in the previous puzzle format, you have to discover the commonly used Dutch word clued by each puzzle.

Here are the key details of the format: your main clue contains the letters of the word you have to guess, but all the letters of that word are jumbled up. You have to decode the clue by rearranging the letters so they make a meaningful word. Multiple hints (the first letter of the word, and the meaning of the word in English) are also provided.

You can find the answers at the end of the book, though I am sure that, with the hints and your own ingenuity, you will definitely not need the answers for the majority of the puzzles in this chapter.

Here are your puzzles:

1. potro
2. otsp

3. irrive

4. fjetledi

5. indw

Hints

1. The answer starts with the letter *p*

The meaning of this word (in English):

port

--

2. The answer starts with the letter *p*

The meaning of this word (in English):

post

--

3. The answer starts with the letter *r*

The meaning of this word (in English):

river

--

4. The answer starts with the letter *l*

The meaning of this word (in English):

age

--

5. The answer starts with the letter *w*

The meaning of this word (in English):

wind

--

Chapter 39

Background Information

Learning a new language can be fun!

Each puzzle in this chapter asks you to guess a commonly used Dutch word, given a few clues about the word.

Some of the letters in each word have been replaced by the _ sign.

You can use your Dutch vocabulary to try to guess the words. There are also other clues provided as hints, to help you!

Two hints have been provided for every puzzle. One of them gives the second letter of the word, and one of them gives its meaning (in English).

For the shorter words, the answer may not be unique. However, the longer words usually have only one unique solution.

You can find the answers at the end of the book.

Guess the word in each case; some of the letters have been hidden by the underscore (_) sign.

1. i_c_

2. k_a_h_

3. v_l_e_i_e

4. g_e_

5. v_e_

Hints

1. The second letter of the answer is *n*

The meaning of this word (in English):

inch

--

2. The second letter of the answer is *r*

The meaning of this word (in English):

power

--

3. The second letter of the answer is *o*

The meaning of this word (in English):

full

--

4. The second letter of the answer is *o*

The meaning of this word (in English):

good

--

5. The second letter of the answer is *o*

The meaning of this word (in English):

foot

--

Chapter 40

Background Information

In this puzzle format, you still have to guess common Dutch words, but there is a twist.

In a similar way as in the previous puzzle format, you have to discover the commonly used Dutch word clued by each puzzle.

Here are the key details of the format: your main clue contains the letters of the word you have to guess, but all the letters of that word are jumbled up. You have to decode the clue by rearranging the letters so they make a meaningful word. Multiple hints (the first letter of the word, and the meaning of the word in English) are also provided.

You can find the answers at the end of the book, though I am sure that, with the hints and your own ingenuity, you will definitely not need the answers for the majority of the puzzles in this chapter.

Here are your puzzles:

1. bavetten
2. mrka

3. knkeui

4. orve

5. nsceerltee

Hints

1. The answer starts with the letter *b*

The meaning of this word (in English):

contain

--

2. The answer starts with the letter *m*

The meaning of this word (in English):

mark

--

3. The answer starts with the letter *k*

The meaning of this word (in English):

chick

--

4. The answer starts with the letter *v*

The meaning of this word (in English):

feed

--

5. The answer starts with the letter *s*

The meaning of this word (in English):

select

--

Chapter 59

Background Information

Learning a new language can be fun!

Each puzzle in this chapter asks you to guess a commonly used Dutch word, given a few clues about the word.

Some of the letters in each word have been replaced by the _ sign.

You can use your Dutch vocabulary to try to guess the words. There are also other clues provided as hints, to help you!

Two hints have been provided for every puzzle. One of them gives the second letter of the word, and one of them gives its meaning (in English).

For the shorter words, the answer may not be unique. However, the longer words usually have only one unique solution.

You can find the answers at the end of the book.

Guess the word in each case; some of the letters have been hidden by the underscore (_) sign.

1. k_a_r

2. z_i_

3. h_r_

4. j_a_

5. h_p_n

Hints

1. The second letter of the answer is *l*

The meaning of this word (in English):

ready

--

2. The second letter of the answer is *e*

The meaning of this word (in English):

sail

--

3. The second letter of the answer is *a*

The meaning of this word (in English):

hard

--

4. The second letter of the answer is *a*

The meaning of this word (in English):

year

--

5. The second letter of the answer is *o*

The meaning of this word (in English):

hope

--
